EDUCATION

Grambling State University

B.S. Biology, Minor in Computer Science

Aug 2024 – May 2028

GPA: 3.87/4.00

Honors: Earl Lester Cole Honors College Scholar, Presidential Scholar, 2X President's Honor List

Relevant Coursework: Cell & Molecular Biology I, Biochemistry, Organic Chemistry I-II, Genetics, Developmental Biology, Microbiology, Data Analytics I, Calculus

TECHNICAL SKILLS

- **Therapeutic & Biological Interests:** Oncology Research, Cancer Biology, Molecular Toxicology, Mammalian Cell Culture, Assays (ELISA, PCR, Western Blotting)
- **Software & Tools (MS Office):** Microsoft Office Suite (MS Office: Excel, PowerPoint, Outlook, Word, Teams), Python Pandas, RStudio, Tableau
- **Laboratory & Data Methods:** Aseptic Technique, Solution Preparation, Spectrophotometry, Data Cleaning & Visualization, Technical Writing

RESEARCH EXPERIENCE

LS-LAMP Research Scholar

GSU Molecular Toxicology Laboratory, Dr. Waneene Dorsey

Aug 2025 – May 2026

- Investigated pentachlorophenol-induced cellular toxicity by executing 15+ multi-step biological assays (PCR, SDS-PAGE, Western blot, serial dilutions) under faculty supervision
- Adhered strictly to laboratory Standard Operating Procedures (SOPs) and safety quality standards to ensure 100% protocol reproducibility and accurate data recording
- Analyzed toxicity datasets in Microsoft Excel and created final slide decks using PowerPoint to present research updates during bi-weekly lab meetings

Research Assistant

GSU Environmental Biology Laboratory, Dr. Hector Douglas III

May 2025 – Present

- Evaluated physiological stress responses across 140+ samples, maintaining careful sample tracking and compliance with biological laboratory guidelines
- Structured and analyzed immunofluorescence datasets across 192 samples using Python Pandas and Excel, summarizing biological trends for peer review
- Coordinated research schedules, lab inventory lists, and team communications using Microsoft Outlook and Teams

LEADERSHIP & CAMPUS INVOLVEMENT

President

American Cancer Society GSU Chapter

Jan 2026 – Present

- Founded and led the campus chapter focused on oncology awareness and student education, expanding membership by 45% in one semester
- Organized executive meetings, community health events, and email outreach using Microsoft Outlook and MS Office tools
- Prepared presentation materials (PowerPoint) summarizing chapter achievements and event attendance for university stakeholders

Resident Assistant

GSU Office of Campus Living & Housing

May 2025 – Present

- Supported administrative operations for 300+ residents in a fast-paced environment, ensuring compliance with university housing guidelines and safety protocols
- Managed residence hall communications and documented incident reports in alignment with standard procedures

CERTIFICATIONS & TRAINING

- **Student Certifications Modules:** CITI Training: Good Clinical Practice (GCP) for Clinical Studies, CITI Introduction to Clinical Trial Regulations, CITI Working With The IACUC, Good Laboratory Practice (GLP) Principles, Adult Mental Health First Aid

RESEARCH PRESENTATIONS

- Phiri, K. L., Breakfield, M., Gyebi, B., & Douglas, H. "*Contrast in Condition and Stress of Tropical Seabirds During and After a Marine Heat Wave.*" Poster presentation, Centennial Meeting of the Louisiana Academy of Sciences (LAS100).
- Mujumi, T. S., Phiri, K. L., & Yang, H. "*Quantum Dot Wavelength Conversion Materials for Enhanced Silicon Solar Cell Efficiency.*" Poster presentation, 2024 Undergraduate Research Conference (URC) at UL Lafayette.
